- 2 **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: The offender is alleged to have violated special condition number 4, by ingesting controlled substances, methamphetamine and amphetamine, on or about July 29, 2024.

On July 29, 2024, the offender submitted a urine specimen at Pioneer Human Services (PHS) that returned presumptive positive for methamphetamine and amphetamine. At that time, he signed a denial form indicating he did not use said substances. The urine specimen was thereafter sent to the national laboratory and it was confirmed positive. It should be noted, the urine specimen was also dilute.

- 3 **Standard Condition #4:** You must be truthful when responding to the questions asked by the probation officer.

Supporting Evidence: The offender is alleged to have violated standard condition number 4, by not being truthful with the probation officer on August 7, 2024.

On August 7, 2024, the offender reported to the U.S. Probation Office for a scheduled appointment to address his recent positive drug test result. When questioned about his drug use, Mr. Jackson was adamant he had not ingested methamphetamine and amphetamine despite the urine specimen being confirmed positive for said substances by the national drug testing laboratory. As such, the offender was untruthful with the probation officer regarding his drug use.

- 4 **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: The offender is alleged to have violated special condition number 4, by failing to report to PHS for urinalysis testing on August 12, 2024.

The probation officer received email correspondence from PHS indicating the offender failed to report for urinalysis testing on August 12, 2024.

- 5 **Standard Condition #12:** If this judgment imposes restitution, a fine, or special assessment, it is a condition of supervised release that you pay in accordance with the Schedule of Payments sheet of this judgment. You shall notify the probation officer of any material change in your economic circumstances that might affect your ability to pay any unpaid amount of restitution, fine, or special assessments.

Supporting Evidence: The offender is alleged to have violated standard condition number 12, by failing to pay his restitution.

Since commencing supervised release, Mr. Jackson has failed to make any payments toward his restitution. His current restitution balance is \$3,388.99.
